

Law & DoD Policies Overview

The Department of Defense oversees the implementation of all policies and standards of sexual assault prevention and response.

Directive & Instruction

The DoD Directive and Instruction provide overarching Department policy on sexual assault prevention and response, as well as additional details on what the SAPR program should contain for the Department of Defense and Military Services.

Advisory & Oversight Structure

The Advisory and Oversight Structure help create, support and monitor the multi-faceted sexual assault response and prevention efforts within the DoD. From training and policy to research and outreach, these representatives help bring together our federal partners in the fight against sexual assault in the Military and nation.
